

DIAMOND PLATE cover guard2®

- cover guard2® is the same great cover guard® product, in a non flame retardant formulation, at a fraction of the price!
- cover guard2® is extremely strong, durable, tear resistant and is resistant to water, most chemicals and most solvents.
- cover guard2®'s unique deck plate pattern provides anti-slip / anti-trip characteristics - meets ASTM C 1028-07.
- The system is quick, easy and efficient to install and remove. Cutting and shaping is very simple, reducing labor time, storage and handling. Maintenance is also kept to a minimum.
- Compact rolls are easy to handle, particularly in confined spaces and helps keep storage space to a minimum.
