

We are glad to announce that this year MZ ELECTRONIC is celebrating 25 years in business.

Founded in 1993, MZ ELECTRONIC has grown substantially during the last 10 years thanks to the acquisition of ORVEA and OFFICINA NAVALE NANNI and creation the ITALWINCH windlass range. Now the company has the main factory located in Monza and a secondary branch is located in Viareggio.

**Luigi Fossati**, CEO, said, “We want to say thank you to all the employees, customers, partners and suppliers that helped us to reach this goal. We are extremely proud of MZ ELECTRONIC’s growth both in terms of geographic expansion and business endeavours. Our team is working hard to increase the products range with a wider technology offer”.
